Vergrößern und verkleinern

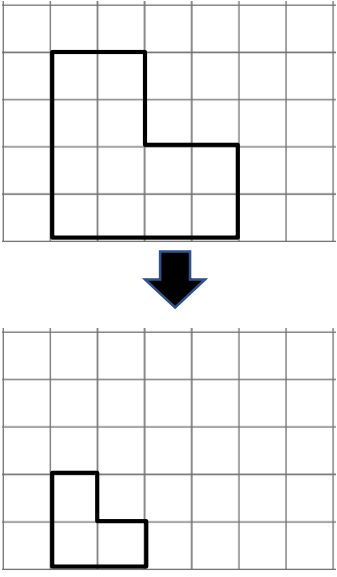

Vergrößern und verkleinern

Vergrößern:
z.B. jede Linie
doppelt so lang.

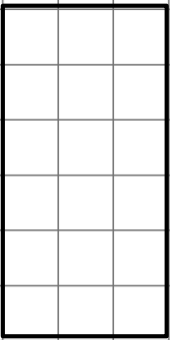

The diagram shows a 2x2 square on a 6x6 grid. A blue arrow points down to a 4x4 square on the same grid, illustrating enlargement by a factor of 2.

Verkleinern:
z.B. jede Linie
halb so lang.

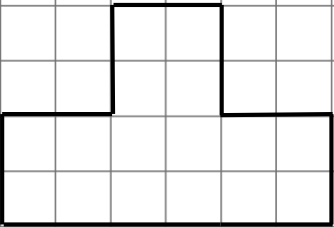

The diagram shows a 4x4 square on a 6x6 grid. A blue arrow points down to a 2x2 square on the same grid, illustrating reduction by a factor of 2.

Vergrößere. Zeichne jede Linie doppelt so lang.

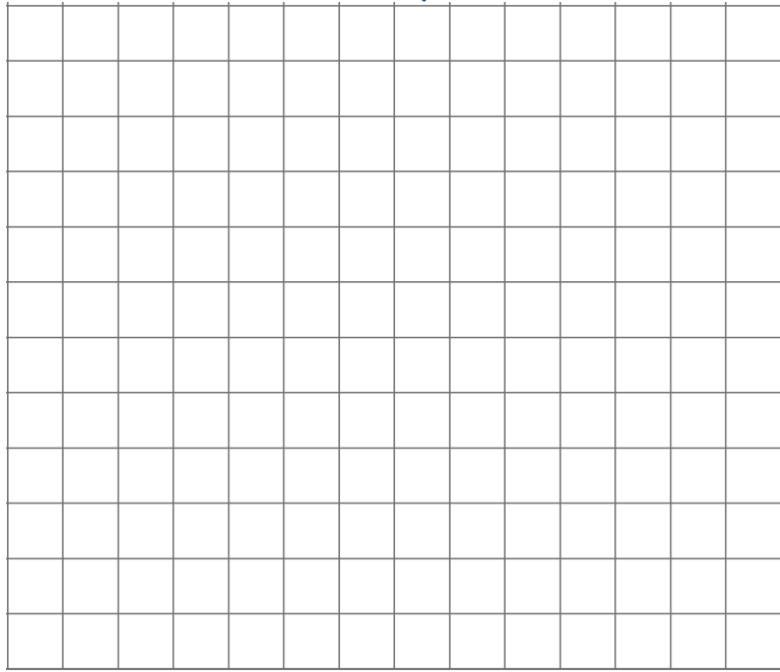

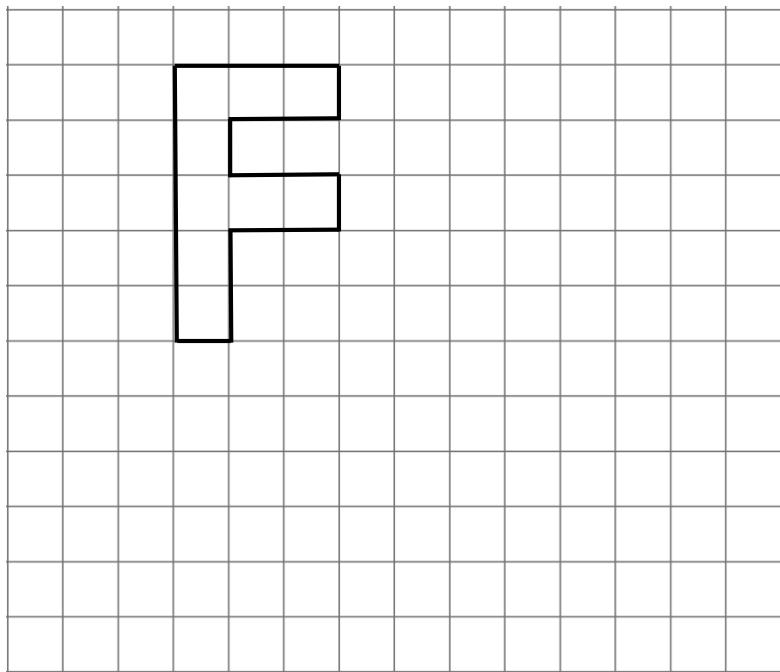

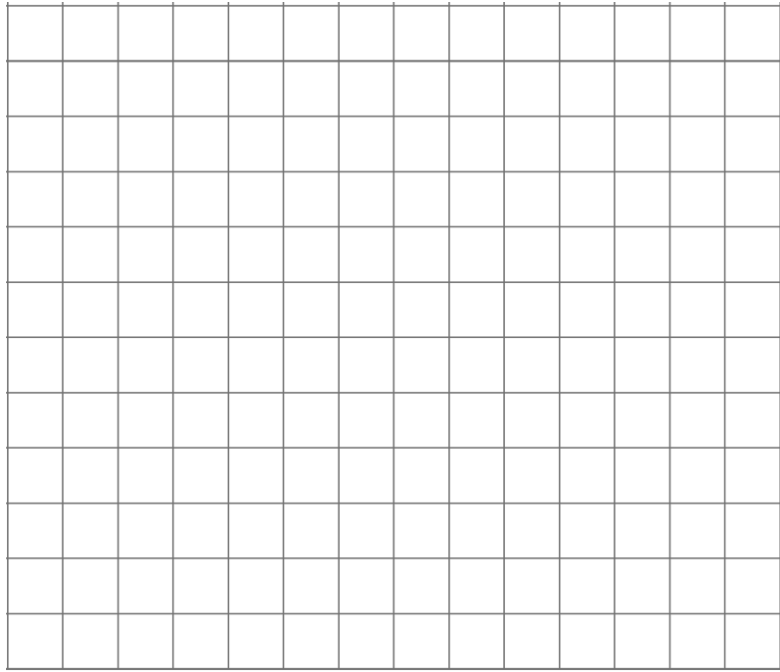

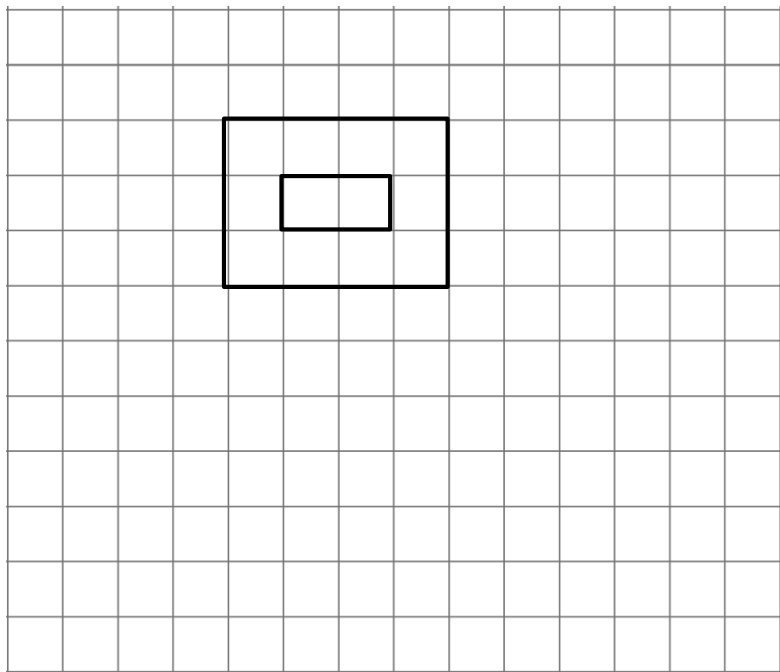

A 2x4 rectangle is drawn on a 16x16 grid. A blue arrow points down to an empty 16x16 grid for the student to draw the enlarged shape.

A 3x5 rectangle is drawn on a 16x16 grid. A blue arrow points down to an empty 16x16 grid for the student to draw the enlarged shape.
